ABOUT

Creative problem solver transitioning from sound design to UX/UI design, leveraging over a decade of experience in high-end, award-winning productions, including an Oscar-winning short film. Strong background in project management, collaboration, and user-focused storytelling, now applied to digital product design.

SKILLS

- **UX Design:** Wireframing, Prototyping, User Research, Usability Testing.
- **Creative Problem Solving:** Analyse user needs, identify pain points, and develop innovative, user-friendly solutions.
- **Project Management:** Plan, prioritise, and execute design projects efficiently while ensuring timely delivery.
- **Client Communication:** Translate client requirements into actionable design strategies.
- **Tools:** Figma, Adobe Illustrator, Pixelmator Pro, FigJam, Miro.

PROFESSIONAL EXPERIENCE

UX/UI Designer - Career Transition/Independent Projects (2024 - Present)

Self-Learning | Independent Projects

- Develop UX case studies, focusing on user research, prototyping, and usability.
- Design intuitive interfaces in Figma, ensuring seamless user experiences.

TGY Services (2025 - Present)
